

CANCER CONTROL MISSION

PROPOSAL FOR WOMEN EMPOWERMENT THROUGH SKILL DEVELOPMENT.

To.

Date.....

Sub:- Skill Development Program.

Greeting from the desk of Cancer Control Mission.

Cancer Control Mission is a Cancer NGO established under Society Registration Act. REGD. UND ER BOMBAY PUBLIC TRUST ACT 1950 REGISTRATION NO: F-40856 SOCIETIES REGD. ACT - 1860/21 /MH-REGD. NO. 2872/09/GBBSD NITI AAYOG. UID: OMH/2017/0167812.

Cancer Control Mission was established by a team of social workers who are working in the field of Health, Education, Sustainability, zero hunger, empowering children and development. We support Neglected children, school drop outs. Self-help Groups and awareness on various social, health and current issues. The underprivileged children need to be given the appropriate opportunity and the need to be motivated. Cancer control mission work with a view to help the poor community through various welfare activities.

We are approaching for women skill Development Programme and Cancer Awareness Programme in **Byculla Women's Jail** because of their imprisonment, women are neglected by society. In this program, our NGO gives skill and earning to those women who have nothing to do for survival and free time in jail. They will be able to make their future secure.

CCM wants to support these women Financially and Morally. Financially, they will get trained like Envelop and Greeting Making. Morally they will provide encouragement for their life,

women power, except challenge from society and make their life easier.

Women's economic participation and empowerment are fundamental to strengthening women's rights and enabling them to have control over their and exert influence in society. The economic empowerment of women is important for sustainable development, gender equality and empowered women are catalysts for multiplying development.

Government of India has enacted various rules and regulations within the constitutional framework to improve female representation in different professions. Currently, a majority of female workforce in India is unskilled. Skill is bridge between job and workforce. Skill development is a key to improve employability and income-earning opportunities for women and for enhancing sustainable rural development and for livelihood. Social outcomes are reflected in indicators of income inequality by indicators of employment outcomes are reflected by indicators of employment rates, unemployment, youth not in school and earnings.

PROJECT OBJECTIVE-

1. To train them of local community with special focus on women between 18-40 years of age on vocational trade in order to enable them to take any self-employment programs.
2. Assist trained beneficiaries to get placed in the job market by coordinating their placements.

PROJECT OUTCOMES-

1. All trainees would learn the trade to the level that can look for a career in respective vocation.
2. The beneficiaries would create income generation opportunities for them, thus, provide them with financial independence.
